get around by spotting

***Prof. Rui Rodrigues***  
*Physical Computing*

# Indoor Localization?

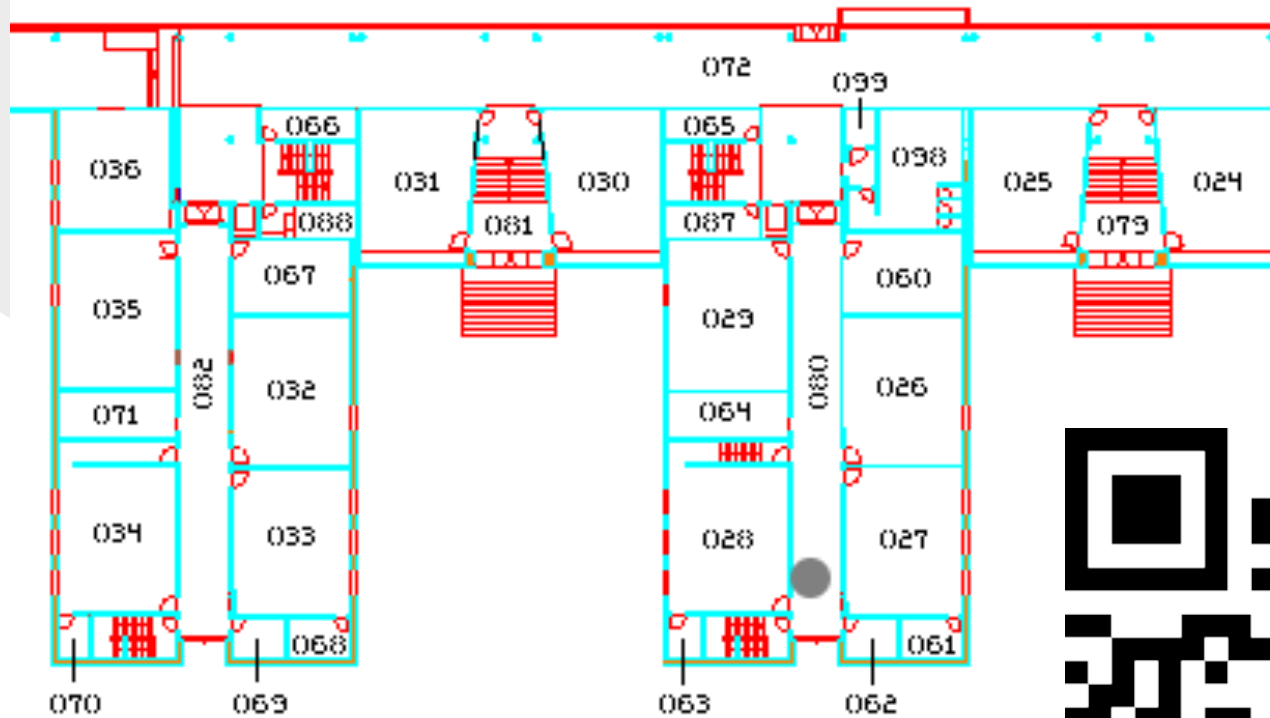

*Very useful for big public buildings with several floors*

- GPS
- Wifi
- Bluetooth
- What about QR Codes or NFC tags?

Spotter

FEUP

● ← You are here!

# Future Work

- Show more info of a spot
- Show shortest path between spots on the map
- Allow an admin user to create a map and its spots on the go
- Allow a normal user to keep track of several maps

# Spotter

get around by spotting

*Thank you for your attention*
